

Rob Pemberton
Sewer
Department

Rob Pemberton

MEET & GREET

Your City of Lake Ozark Employees

Every project, every department has to have a trouble shooter.

That's one of the duties of Rob Pemberton who works in the City of Lake Ozark Sewer Department. There are pump stations to monitor and grinder pumps; there are problem areas that need attention.

Rob has been with the city two years after working for Adient in Eldon and Carl's Supermarket right out of high school.

He is a graduate of Iberia High School and now lives in Rocky Mount.

Rob enjoys fishing and being in the outdoors.
