

# Street maintenance continues

Patch, patch, patch. City of Lake Ozark street crews continue to patch parts of Bagnell Dam Blvd. and other city streets as part of the city's on-going street maintenance program. Here, they work on Bagnell Dam Blvd. near its intersection with Horseshoe Bend Parkway, one of the busiest areas in the city. Workers are grinding out damaged areas and filling them with asphalt. Lake Ozark voters recently approved two ballot measures that will help the city undertake a massive street improvement program over the next few years. Using the backpack blowers are Travis Shockley (left) and Preston Duncan.
